## STAGE 2 EXCURSION – CAMDEN PARK ENVIRONMENTAL EDUCATION CENTRE

Dear Parents/Carers,

Stage 2 students will have the opportunity to attend the Camden Park Environmental Education Centre over three days in March. This excursion is designed to support and extend student learning as part of our Term 1 Science Unit, Living World – Food and Fibre Production.

This program is designed primarily around the growing of plants and raising of animals for food and fibre production as well as the processing of raw materials to produce goods for our consumption. Students learn by participating in and observing a range of farm routines such as mustering/checking of sheep; feeding and caring for lambs/kids/calves; processing wool into felt products; and collecting eggs from the chook pen. Students will also participate in cooking scrambled eggs; ice cream making; cheese-making; butter-churning; and checking crops and pastures by tractor and wagon.

- DATE:**
- |                      |                     |
